The Top Networking Event for the Insurance Industry Returns LIVE!

In 2047, India will celebrate a century of Independence. In line with this, the Insurance Regulatory and Development Authority of India (IRDAI) launched its mission to achieve 'Insurance for every Indian by 2047'.

Post COVID, the appreciation of insurance in India has increased to beyond tax-saving purposes. The importance of insurance for every person was strongly advocated by the Indian government and IRDAI during and post pandemic, making it a catalyst for industry growth and awareness.

With this strong foundation built, the insurance industry in India is ready to be stronger and more resilient. Are you ready to embrace this industry surge and to create a positive ecosystem to achieve the insurance target set for 2047?

Be part of our India Rendezvous 2023 – back LIVE after two years – providing a platform to exchange ideas, discuss and explore new innovative ways to approach the industry. Three key components will be touched on – PEOPLE, PRODUCT & PLACEMENT.

Do you have the right talent to take your business to the next level? Does your company offer all that is needed to achieve the mission “Insurance for every Indian by 2047”? How effective is your product placement?

Hosted by GIC Re and *Asia Insurance Review*, this event will chart out the course for the insurance industry for the next 25 years. Bilateral discussions between India industry players and the rest of the world will be held during the second half of the conference daily.

Other key trends in the Indian insurance sector in 2022 include the increase in foreign investment limits from 49% to 74%; an influx in private equity investments; a new era of consolidations; digitalization; rise of embedded insurance and surety insurance for securing financing for infrastructure projects.
